Commissioner Murray Nelson
(305) 852-7162

June 5, 2003

Dear Murray:

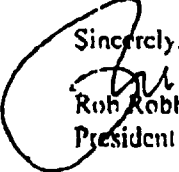

I followed up with Norm Leggett last week and he said that he had submitted the lease agreement to the county attorney to write up for the BOCC meeting.

However, this morning I followed up with the County Administrator's office and spoke with the person who is writing the agenda. She said that she didn't see anything submitted by the communications department which would correspond to this lease. The agenda deadline was this past Tuesday.

When we met last month, you said that you would make sure that this would be on the June agenda for Marathon and if not you would put it on yourself. Could you assist us in getting this done in time for the June 18th meeting? As you know we need very much to see this lease happen as soon as possible because we're not able to operate efficiently without this new site. Also, WLRN's lease has long since expired and they're being allowed to continue operating in the absence of any current lease. Hopefully this would justify assisting this item to be placed on the agenda for this month's meeting.

Please contact me at (305) 494-0392. Thanks again for all of your help.

Sincerely,

Rob Robbins
President
